Circadian rhythms, dreams, naps, sleep requirements, effects on the body and mind and sleep disorders are presented. Recommendations for ideal sleep are included. Packets are available at all medical facilities in October and upon request to Carol Roth, 867-3414, CHS-005, e-mail **Roth-1 Carol**. (JJ-C)

Such items may include any new or improved technique, tool, computer program, management systems or scientific data. KSC or contractor employees whose items qualify for publication in NASA Tech Briefs will receive a \$150 award. New Technology items should be reported on NASA Form 1679 to the KSC Technology Transfer Officer, Jim Aliberti, MM-E. Toastmasters International is a professional, multi-level training program for both beginning and advanced education in the critical skills of “listening, thinking, and speaking”—all important tools in both the work environment and your personal lives. NASA has recognized this by reimbursing civil servants for the cost of training.
